

AMRIT KAUR

Sr. Angular Developer

📞 9779998746 @ amritkauurrr@gmail.com 📍 India

SUMMARY

Frontend Angular Developer with 5 years of experience building scalable and high-performance web applications. Proficient in multiple Angular versions, with hands-on experience in state management, REST APIs, and modern frontend architectures. Experienced in backend technologies including Node.js and .NET, enabling full-stack collaboration. Passionate about writing clean, maintainable code, mentoring team members, and continuously enhancing technical skills in a fast-paced environment.

PROJECTS

Frontend & Backend Developer

Handymen

📅 2021 - 2022 📍 Canada

A project for a Canadian-based company that utilizes QuickBooks for on-field technicians

- Contributed to full-stack development (Angular + backend) for a Canada-based project with QuickBooks integration.
- Designed and enhanced core modules such as Consent Forms, Job Assignments, Job Tracking, and Image Upload functionality.
- Built and optimized QuickBooks integration to streamline financial workflows and data synchronization.

Frontend Developer

Paterson Grain

📅 2022 - 2024 📍 Canada

A Canadian-based company dealing in crops from farmers

- Led frontend development for a Canada-based client portal using Angular.
- Developed responsive and scalable UI components for a Canada-based client portal using Angular.
- Designed and implemented key modules such as Dashboard, Grain Samples, Delivery, and Payments.
- Integrated frontend with REST APIs to enable real-time data handling and improve application performance.

Frontend Developer

Asterid Lms

📅 2022 - 2024 📍 USA

Developed and enhanced features for a US-based online learning platform using Angular, improving user experience and application performance

- Worked on various user interfaces and modules for learners and faculty with accurate performance optimization.
- Implemented responsive interfaces for learners and faculty, optimizing navigation.

Frontend Developer

iVita Financial

📅 2024 - Present 📍 USA

A healthcare fintech platform that provides patients with a 0% APR line of credit to manage medical expenses

- Worked on UI integration of a healthcare fintech platform
- Designed and integrated UI/UX for various user portals
- Handled production support, debugging, and performance optimization
- Collaborated with cross-functional teams for requirement analysis and system design

EDUCATION

B.Tech (Electronics and Communication Engineering)

Guru Nanak Dev Engineering College, Ludhiana

📅 06/2017 - 07/2021 📍 Ludhiana

STRENGTHS

✓ Perseverance

Persevering with a single-minded orientation and focus on a goal

🏆 Team Coordination Skills

Smart enough to grasp requirements quickly and can guide development in global team coordination

🏆 Communication Skills

Outstanding communication and presentation skills

SKILLS

Angular	Node.js	Angular 14+
JavaScript	HTML CSS	JSON
Bootstrap	CSS	jQuery RxJS
NgRx	REST API	TypeScript
Modules	Angular CLI	SQL
Angular Forms	Modular Architecture	
Angular 21	Performance Optimization	
.NET(Basics)	Lazy Loading Modules
